

Beane's of Gorham soaps are made from 100% vegetable oils with no artificial ingredients. We use extra oils to make a superfatted soap that is gentle and nourishing to the skin. Essential oils are added for fragrance and our colors come from herbs, spices, clays and mica.

Our full sized soaps are all wrapped in fabric and cellophane with an attractive tag. The sides of the bar are left open so shoppers can appreciate the scent of the soap. Each bar has a back label with product information and a list of ingredients.

We hold to the same high standards for our toiletries. All of the ingredients are natural, including the food grade preservative we use in our body butter and lip balm.

All sales, wholesale and retail must be paid in advance by check or credit card. Minimum wholesale order is 12 bars or \$30.00 total and a tax ID number is required. In stock orders will be shipped within 3 business days. Back orders will be shipped as soon as the stock is ready, usually within 2 weeks. Shipping charges are actual USPS rates plus delivery confirmation FOB Gorham, ME. Local orders will be delivered at no extra charge**.*

We are confident that our soaps and toiletries will make an attractive, tasteful and profitable addition to your shop or home. We look forward to doing business with you.

Scented Soap

We take a basic 50% olive oil soap and scent it with a variety of essential oils. With citrus scents, florals, spices and herbs to choose from there is sure to be something for every taste.

Shown above are: (clockwise from upper left) Carnation, Pink Almond, Earthy Rose, Ginger Lime, Exotic Vanilla, and Lime 'n Thyme, with Maine Seacoast in the center.

Now imagine these scents:

Carnation: A secret blend of florals and spices to smell just like a freshly bloomed carnation.

Earthy Rose: The rose scent of Egyptian Rose Geranium perfectly balanced with Patchouli for a delightful musky floral scent.

Exotic Vanilla: A rich sensual blend of Peru balsam for a sweet vanilla fragrance and sandalwood for a touch of the exotic.

Ginger Lime: The cool pungency of lime makes a perfect contrast to warm spicy ginger. Subtle but delightful!

Kitchen Spice: Cinnamon leaf provides cinnamon and clove scents with nutmeg added for a warm spicy blend.

Lavender: There are a lot of versions of this classic favorite. Ours is a pure French lavender also known as lavender 40/42.

Lime 'n' Thyme: Scented with a fresh blend of lime and thyme essential oils and tastefully colored with parsley flakes, this soap is destined to be a favorite with men and women.

Maine Seacoast: A secret blend - Combines the scents of the ocean, Rugosa roses and just a hint of fir needles.

Ooh Lah! Lemon: Pure fresh tart lemon scent from a blend of California lemon and litsea essential oils.

Peppermint Stick: Cool and refreshing! Smells just like a candy cane!

Pink Almond: The richness of Almond lightened with Pink Grapefruit.

Rich Earth: A blend of Patchouli and frankincense. Smells like freshly turned loam.

Sage & Cedar: A pungent blend of herb and evergreen. Native American people use the fragrant smoke from these herbs in their cleansing rituals.

Spearmint: Cool and sweet. Think spearmint gumdrops and mint juleps.

Three Kings: Scented with frankincense and myrrh and colored with gold mica to represent the gifts of the three kings.

Warm Sands: A secret blend - Soft and subtle but also warm and exotic. Think of a breeze across the desert at dusk.

Woodlands: Siberian Fir, Virginia Cedarwood and White Pine combine to evoke the spirit of the deep woods.

Specialty Soaps

We make a variety of soaps for different skin types and special purposes. Some carry the scent of their beneficial essential oils and others are left unscented for sensitive skin.

Shampoo Soap: (tl) Yes, you can wash your hair with a bar of soap! In fact, it's the best way. Castor oil and jojoba make this a nice conditioning soap for any hair type plus we infuse it with calendula, chamomile and peppermint to soothe the scalp.

Avocado Soap: (tc) Avocado Soap is perfect for sensitive, aging, and fragile skin. Avocado oil contains many vitamins and other nutrients. It is believed to regenerate cells and soften body tissue. We use 30% avocado oil to make the most of this wonderful oil.

Heather's Garden Soap: (tr) Heather's Garden combines pure, natural vegetable oil soap with some of the most common cleansing herbs, essential oils and minerals (rosemary, lavender, eucalyptus, sage, sea salt) from Native American and Wiccan traditions for a soap to cleanse and purify body and spirit.

Coffee Soap: (bl) Coffee soap is a favorite with chefs because it is reputed to remove odors such as garlic and onions from the skin. We make ours with triple strength coffee and include the grounds for some extra 'scrubbiness'.

French Clay Soap (bc): French clay is known for its deep cleansing and oil absorbing properties. Tea tree and lavender essential oils are reputed to have healing properties. We have combined all three in a soap designed to help those with oily and/or troubled skin.

Oat & Honey Soap (br): This is our basic soap with oatmeal added as a mild exfoliant and honey to soothe the skin. We leave it unscented to allow appreciation of the delicate natural scent of this popular soap.

Shaving Soap (center): We use bentonite clay for a smooth close shave and menthol, camphor and cocoa butter for a cool soothing lather. 1 ¼ inch diameter fits any mug.

Real Castile Soap (not shown): Real Castile is made with 100% olive oil. To be called castile, all that is required is 50% but we want to give you the real thing, olive and nothing but olive. Castile soap has a mild gentle lather to clean well without animal fats or the nut oils to which so many people are allergic. This is as pure and gentle as it gets, the perfect soap for sensitive skin from babies to seniors.

Milk & Honey Soap(not shown): People have been using milk to gently cleanse the skin for generations. Goat's milk is the best for this as it contains emollients that are very similar to human sebum. Likewise, honey has been used for its soothing properties. Blended with a natural unscented vegetable soap, they make an ideal cleanser for even the most delicate skin.

Fishermen's Soap (not shown): Fishermen's soap is a very hard bar of soap that stays firm even when wet. It is scented with the anise scent that many believe is so attractive to fish. As an added bonus it lathers even in salt water. A must for the well stocked tackle box!

Other Products

(Pictures not to scale)

Monster Spray: The label on this mild room spray depicts a monster with the universal 'NO' symbol and reads: "Guaranteed to banish monsters from dark corners, under beds, closets and anywhere else they might be lurking and keep them away for at least 24 hours." This assurance plus the soothing scents of lavender, chamomile and orange help banish bedtime terrors and get your little 'monster' to sleep. 4 oz. bottle

Room Spray: Enjoy the natural scent of refreshing Citrus Sunshine, Cool Peppermint Stick, soothing Lavender or yummy Kitchen Spice without the 'perfumy' overtones of artificial fragrances. 4 oz. bottle

Citronella Stick: 10% Citronella oil in an easy to apply oil and beeswax base. 2.4 oz or .5 oz. tube

Ouch Stick: Tea Tree and Lavender essential oils have become well known for their healing properties. We have combined them with oils and beeswax in an easy to apply .15 oz (lip balm size) twist up tube.

* Our Vegan products contain Candellilla wax which is a plant wax instead of beeswax.
